Subject: RE: Record of Decision for Rosemont Copper Mine

Hi, Kerwin –

I hope all is well with you. Thanks for sending me a copy of the signed ROD. I have a question about the Clean Water Act 401 Certification requirement in section 9.1.3 of the ROD. That section says,

“The Forest Service cannot authorize an MPO until the CWA 401 certification has been obtained or waived by the designated entity. . . . On February 3, 2015, ADEQ issued a 401 certification for the Forest Service’s selected action as described in the FEIS and draft ROD, under the condition that the USACE issue a 404 permit for the project.”

Thanks -
-Kathy

Subject: Record of Decision for Rosemont Copper Mine

To all who may be concerned:

I am writing to notify each of you that I have prepared and signed the final Record of Decision (ROD) for the Rosemont Copper Project (RCP). The ROD outlines my decision to: (1) select the Barrel alternative and approve the mine plan of operations (MPO) once amended and (2) to amend the 1986 Forest Plan by creating a new management area around the mine site. Attached please find a copy of the correspondence sent via US Mail to the cooperating agencies and the 101 objector's to the Final Environmental Impact Statement (FEIS) that was released on December 13, 2013.

The final ROD is available online at the project website: <http://www.rosemonteis.us>. These documents are also for review at the CNF in a public reading room and available to check out at local public libraries in and around Tucson, AZ (location provided on the project website).
